MURRAY CORPORATION Clamping Solutions

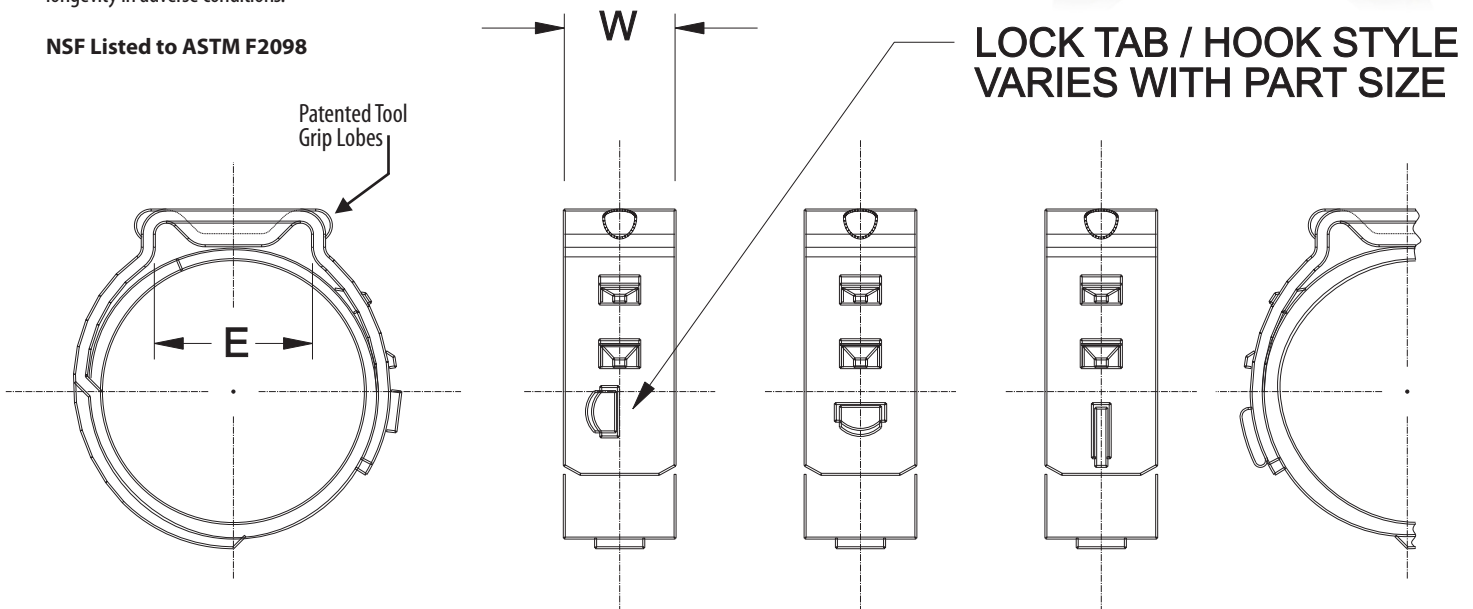

Heavy Duty Seamless PEX Pipe Clamps For use with "DZR" Brass and Plastic PEX Fittings

These patented heavy duty "Tongue and Groove" clamps offer 360° stainless fastening and meet or exceed ASTM F-2098 requirements. Due to their heavy-duty 304 stainless steel construction as well as their seamless design and uniform compression sealing, these cutting edge clamps were designed primarily for PEX (cross-linked polyethylene) PAP (PEX Aluminum PEX), PERT (Polyethylene Raised Temperature) but has numerous alternate uses.

Manufactured with patented "Non-Slip" tool crimp lobes on both ends of the ear, Murray's heavy-duty seamless PEX clamps are the best at preventing mis-crimps and slip-offs as well as holding fast under the worst conditions. Murray Corporation's clamping products are subjected to rigorous environmental testing to ensure maximum reliability and longevity in adverse conditions.

NSF Listed to ASTM F2098

PEX TUBE SIZE	W	E
3/8	7mm (0.276)	8mm
1/2	7mm (0.276)	10mm
5/8	9mm (0.354)	10 mm
3/4	9mm (0.354)	10mm
1"	10mm (0.394)	10mm

All of our PEX clamps offer our patented crimp lobe technology. This feature ensures that the crimping tool is properly positioned to help eliminate mis-crimps which can result in leaks.

Part Number	PEX Tube Size	Width (W)	Open Dia.	Closed Dia.	Open Dia. Inches	Closed Dia. Inches
PEX 133	3/8"	7.0mm	13.3mm	10.8mm	0.524	0.424
PEX 175	1/2"	7.0mm	17.5mm	14.3mm	0.689	0.564
PEX 206	5/8"	9.0mm	20.6mm	17.4mm	0.811	0.686
PEX 233	3/4"	9.0mm	23.3mm	20.1mm	0.917	0.791
PEX 296	1"	10.0mm	29.6mm	26.4mm	1.165	1.039

Other sizes available upon request. Available in packed and bulk stock. Other packaging configurations available.

Use "Everlast" PEX Clamps with yellow brass fittings having a zinc content greater than 15%.
